October 1, 2021

Honorable Mayor and City Council
City of Titusville
555 South Washington Avenue
Titusville, Florida 32796

Honorable Mayor and Council Members:

The Fiscal Year 2022 adopted budget is submitted in accordance with Section 15 (5) of the Charter of the City of Titusville. The Fiscal Year 2022 budget is balanced at the current rate of 7.2145 mils.

The Ad Valorem tax revenue comparison graph over the past ten years is depicted below:

City of Titusville Ad Valorem Tax Revenue

The annual budget process began with a Community Conversation workshop in February 2021. During the workshop, residents and other stakeholders had an opportunity to share their ideas about challenges and opportunities that the City should address in the upcoming budget year. A follow-up meeting was held in April with City Council and City Senior Staff, in which Council reviewed and validated their Strategic Goals and Objectives for the upcoming year. As part of the budget process each department formulated performance measurements that support the strategic plan and priority objectives that will be reviewed and evaluated quarterly. The approved Strategic Plan and Priority Objectives for the FY 2022 budget are depicted below:

Goal 1. Quality of Life

- Continue initiatives & actions to improve the Indian River Lagoon
- Enhance appearance of City, including entryways
- Enhance youth educational, recreational and employment opportunities
- Enhance emergency preparations and management
- Sustain and improve public safety

Goal 2. Efficient & Effective Services

- Commit to funding Capital Improvement Plan
- Explore opportunities for collaboration, partnerships & coordination with public, private, and non-profit entities
- Develop a sustainability plan

Goal 3. Financial Stability

- Continue to execute strategies to address long-term liabilities
- Plan for future obligations

Goal 4. Economic Development

- Continue implementation of a comprehensive economic development plan in conjunction with appropriate agencies
- Continue to market trails & amenities
- Continue efforts to eliminate blight & revitalize empty buildings
- Establishment of additional parking capacity downtown to meet current and future needs

Goal 5. Effective Governance

- Expand methods to increase and enhance 2-way communications
- Continue to increase the effectiveness of current advisory boards
- Continue policy advocacy

The Fiscal Year 2022 adopted budget emphasizes financial stability through addressing long-term liabilities and aligning revenues with expenses; addressing the most critical infrastructure needs including roads, vehicles and public safety equipment; and investment in employees through a 3% cost of living pay adjustment and professional development opportunities.

The Fiscal Year 2022 adopted budget supports our priorities of continuing to meet long-term commitments of debt service and other liabilities, such as Other Post-Employment Benefits (OPEB) and healthcare. The City continues to address our retiree healthcare liability by maintaining an OPEB trust fund and funds approximately 53% of the required annual contribution to this trust fund. The City maintains sufficient reserves of 60 days to ensure its ability to operate during times of emergency.

The Fiscal Year 2022 adopted budget revenue and expenditure graphs show where our revenues are generated and expended.

All Funds Revenues

All Funds Expenditures

Fiscal Year 2022 Budget Highlights

This budget funds service levels necessary for City operations and addresses the City's most critical capital and infrastructure needs. I provided the following guidance to the Executive Leadership Team and Department Managers for the formulation of the Fiscal Year 2022 budget:

- Continue the city-wide culture of continuous process improvement using Lean Six Sigma methodology and performance measurements.
- Allocate resources to align with the Fiscal Year 2022 Strategic Goals as directed by City Council.

- Continue to pursue Economic Development opportunities through the prudent use of Ad Valorem and other economic incentives.
- Invest in our committed employees' professional development by providing opportunities to participate in best practice training opportunities.
- Continue to evaluate and adjust employee compensation, cost of living increase, and benefits to attract and retain a best in class quality workforce.
- Examine the effectiveness of the bottom up review of insurance plans and policies to address rising costs and liabilities
- Using the 5-year plan, prepare FY 22 and FY 23 operating budgets with a 3% increase in operating. For budgets FY 24 - FY 26, use a 5% increase in operating.
- Focus operating budgets on near and mid-term critical capital requirements, public safety enhancements, public outreach, and infrastructure improvements including roads, utilities, information technology, and public facilities.
- Maintain the General Fund emergency and stabilization reserves at current levels.
- Continue to address liabilities and debt by aggressively funding the OPEB trust fund.
- Encourage managed growth using low impact development principles as a means of developing an attractive built environment while protecting and conserving our natural resources.

The Fiscal Year 2022 proposed budget continues to address our shortfalls in our infrastructure, information technology, and computer recapitalization as funding permits. This budget contains funding for the following technological and infrastructure initiatives:

- Continue city-wide computer replacement program and necessary software upgrades
- Continue to replace public safety, maintenance and utility vehicles on a normalized cycle.
- Continue investments in road resurfacing
- Continue investments in utility infrastructure
- Continue investments in downtown CRA

Conclusion

Our City staff has produced a balanced budget that begins to address the demand for increased municipal services and renewal of infrastructure during uncertain economic times. The City's diverse economy has shown amazing resilience during the uncertainties of the COVID-19 pandemic. Titusville has enjoyed solid annual growth in property values of nearly 8% and an unemployment rate that has stabilized at 5.1%, due to the continued expansion of commercial space, industrial manufacturing and defense related industries throughout the city and county. While the trajectory of continued growth remains uncertain, staff remains proactive in seeking ways to reduce expenses and improve efficiencies, while keeping pace with the increased demand for services.

Our positive ending budget balances, adequate budget reserves and strong comprehensive annual financial audit report confirms that our financial management policies and procedures are solid. Our bond rating remains strong and we retain significant capacity to leverage our robust financial health to fund critical maintenance and infrastructure improvements, which have been previously deferred.

Our City staff and elected officials continue to coordinate outreach efforts with multiple local, county and state partners as we bring new companies and attract a talented workforce to our community. We continue to attract new residents that are drawn to the opportunities that our enhanced leisure, recreation, and tourism offer to complement our diversified and expanding economy.

With the continued support and guidance from the Mayor and City Council, I am confident that our dedicated and extremely capable staff will continue to maintain the consistently high level of service that our citizens have come to expect and that Titusville will continue its upward trajectory of growth and success while mitigating the uncertainties that life during a pandemic presents.

Respectfully submitted,

William S. Larese
City Manager

**CITY OF TITUSVILLE, FLORIDA
ADOPTED BUDGET FISCAL YEAR 2022**

GLOSSARY

This is a glossary of terms commonly used at public meetings at which financial matters are discussed:

Ad Valorem Taxes - Property taxes. Your tax is computed by applying the millage rate to the assessed value of your property after you have subtracted all exemptions to which you are entitled. Property taxes are paid to a variety of governments through a single payment to the county tax collector.

Anticipated (revenue, deficit, expenses, etc.) – Estimates used in analyzing and preparing budgets. Anticipated figures are the equivalent of educated guesses. They are based on experience and information from a variety of sources that help government officials determine what they think income or expenses will be.

Appropriation from Prior Year Surplus – Money not spent in one fiscal year but carried forward to the next budget year. Cash carried forward is used to supplement revenues required to pay for budgeted expenses.

Available Funds – Cash and equivalent units not needed for the support of day-to-day activities or the capital requirements of the City in the immediate future.

Budget – A financial statement listing a governmental agency's expected income and expenses for a 12-month period. Florida law requires that governments have a balanced budget, with expenses not exceeding revenues. City employees prepare an adopted budget; it becomes formal when adopted by elected officials. If changes occur during the year, local governments can transfer funds within a budget or raise fees, etc., to keep the budget in balance.

Capital Improvement Program – Governmental agencies set up five-year programs for major costs such as the construction of buildings, land acquisition, road improvements and heavy equipment. Capital expenses are listed separately from operating expenses within the budget document.

Contingency Account – Money set aside for emergencies or unexpected expenses. Each city fund usually has such an account to cover higher than expected costs or purchases that were not anticipated when the budget was being prepared.

Custodial Agreement – An agreement with a bank or financial institution for the storage of a customer's investments for safekeeping.

GLOSSARY (CONTINUED)

Deficit – A term generally applied to the budget as a whole, reflecting real or projected shortages in revenue. It means there is not enough revenue to cover expenses.

Expenses – The costs of goods or services used.

Fiscal Year – The budget year. For municipal governments, the fiscal year runs from October 1st to September 30th.

Franchise Fees – Money collected, usually from a private utility such as electric, telephone, or cable TV in exchange for use of a governmental agency's easements and rights-of way. Cities authorize the use and collect a fee in return. Franchise fees also are collected from garbage and trash services allowed to operate within a government's boundaries.

Fund – A fiscal and accounting entity with a self balancing set of accounts to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions, or limitations. For budget purposes the fund lists the revenues and expenses for a specific category of operation. The largest fund is the General fund, which includes subcategories covering about 50% of the City's operation. Other funds include those for capital outlays, enterprise activities and State and Federal grants.

Intrafund Transfer – A transfer of financial resources between funds or subfunds, which are aggregated, into a single reporting unit in the Comprehensive Annual Financial Report. In other words, a transfer between two funds of a similar type that is both part of a department or program that is reported as a discrete financial component of the City's annual financial report.

Interfund Transfer – A transfer of financial resources from one fund to another where the funds are presented as parts of separate reporting units in the Comprehensive Annual Financial Report. In other words, a transfer between two funds that are of different types or that are not part of the same department or program as reported in the City's annual financial report.

Mill - \$1 per \$1,000 of taxable property value.

Millage – A rate assigned by each governmental unit with taxing authority for use in determining taxes. It determines how much revenue the government will bill and also how much an individual property owner pays in taxes.

Over Budget – Over budget in revenue means there is more income than expected. Over budget in expenses means actual costs exceed the budget and funds must be transferred by a budget adjustment to provide the additional expenses.

GLOSSARY (CONTINUED)

Projected Deficit – A projection that, based on the current rate of spending, expenses will be greater than anticipated revenue or greater than budgeted expenses. A projected deficit during a budget year usually necessitates an adjustment in the spending pattern—delaying purchases or eliminating planned expenses—to stay within the budgeted figures.

Revenue – Income from a variety of sources.

Rolled Back Millage Rate – The tax rate necessary to give a governmental agency the same amount of property tax dollars it received during the previous budget year. A special act of the Legislature stipulates that in Brevard County a governmental agency can increase property taxes only ten percent above the rolled back millage rate without voter approval.

Shortfall – A term generally synonymous with deficit but applied to individual revenue accounts instead of to the budget of a fund or the whole city. A city might have a shortfall in a particular account, but a shortfall in the total budget is called a deficit.

State-Shared Revenue – Money that cities receive from the State. It includes the local share of cigarette taxes, fuel taxes, mobile home license taxes, liquor license taxes, and sales taxes.

Taxable Valuation – The value of property after all allowable exemptions have been subtracted; the value on which the millage rate is applied and taxes are computed.

Telecommunications Services Tax – Tax paid to municipalities by users of telephone, cellular phones, and beepers.

TRIM – Florida's Truth in Millage Law that requires cities to calculate next year's property taxes based on the same tax dollars they received during the current fiscal year.

Under Budget – Under budget in revenue means that money being collected from taxes and other sources is not as much as was anticipated. It might necessitate spending adjustments to prevent a deficit. Under budget in expenses means that actual expenses are less than the budget.

User Fee – In a move toward a more businesslike approach, cities and counties are charging fees for use of water, sewer and recreation services. Only the person using the service pays for it as opposed to all citizens supporting the cost of those activities.

Utility Taxes – Taxes paid to municipalities by users of electricity, natural gas, water and bottled gas.

Valuation – The dollar value of property assigned by the county property appraiser.
