

Bulk Pickup & Miscellaneous Items

BULKY ITEMS such as furniture, appliances, large boxes, carpet, metal items and other large items that will not fit into your regular trash containers require a call to the Solid Waste Division at 321-383-5755 to be placed on the list for pickup. These items **MUST** be separate from yard trash. Failure to do so may result in collection delays.

The City will not pick up extra bags of garbage nor boxed wastes as part of the bulk waste collection service.

Please **DO NOT** place these items under wires or trees. **DO NOT** place within 6 feet of mailboxes, on top of water meters, or within 10 feet of parked vehicles.

Refrigerators, freezers, and other large appliances must have doors removed or taped shut and placed at the curb for pickup. We cannot pick these items up from carports, garages, or backyards.

No used oil, chemicals, propane tanks hazardous or biohazardous wastes will be collected from the curb. Residents can bring their **hazardous wastes and construction materials** to the Brevard County Mulching Facility at 3600 South St. They can be reached at: 321-264-5009.

If an owner wishes for the City to dispose of large amounts of junk or yard debris exceeding the capacity of the waste collection vehicles, a fee for such disposal shall be charged.

WOOD such as lumber, landscape logs, pallets, and plywood is picked up once a month and requires a call to Solid Waste requesting pickup. All wood should be cut into 4-foot lengths and placed separate from any other trash items. **Failure to separate these items from other trash will result in collection delays.**

SYRINGES ARE NOT accepted in your garbage or recycling carts. They must be disposed of through Brevard County Household Used "Sharps" Collection Program. Please call 321-633-2042 for information.

ADDITIONAL GARBAGE OR RECYCLE CARTS: For information on obtaining an additional garbage or recycle cart, please call the Solid Waste Division at 321-383-5755.

<u>Month</u>	<u>Week Beginning</u>
January	• 10th & 24th
February	• 7th & 21st
March	• 7th & 21st
April	• 4th & 18th
May	• 2nd, 16th & 30th
June	• 13th & 27th
July	• 11th & 25th
August	• 8th & 22nd
September	• 5th & 19th
October	• 3rd, 17th & 31st
November	• 14th & 28th
December	• 12th & 26th

Recycling is collected **every other week** and is picked up on the **same day as your garbage**. Please refer to the 2022 Holiday Schedule in this brochure for information on changes to your collection day.

Garbage Collection

The Solid Waste Division is responsible for the collection and removal of garbage and recycling items within the city limits of Titusville. Our services include once a week household garbage pickup, every other week recycling pickup, and once a week containerized yard waste pickup.

Please call 321-383-5755 or visit www.titusville.com/303/Solid-Waste for information regarding your collection day.

Carts must be placed in front of your residence at the curb (not on the street) by 6:30 a.m. on the day of pickup, and removed by 8:00 p.m. Please do not place on vacant lots. Pickups may not always be at the same time each day, as it is often necessary to make adjustments to the route schedules.

All refuse shall be placed in bags prior to deposit in the carts. Carts should be placed with lids closed to prevent wind blown litter, access to animals and pooling of rainwater. Do not place carts within 6 feet of trees, mailboxes, power poles or other curbside impediments, or within 10 feet of parked vehicles.

If a **physician's statement** certifying that no one in the household is able to carry solid waste to the curbside has been filed with the Solid Waste Division, the container is to be placed at the side yard, outside of any fence, so as to be readily accessible for pickup. The physician's form may be obtained by calling the Solid Waste Division.

GARBAGE CART PROHIBITED ITEMS: Due to restrictions levied by Brevard County we **CANNOT** collect any roofing or construction materials such as tar paper, shingles, gravel, rocks, bricks, cinder blocks, concrete, sand or dirt, etc.) Other prohibited items include: hot coals/embers, household hazardous or biohazardous waste (chemicals, motor oil, wet paint, etc.) Needles of any kind, yard debris, and propane tanks.

BROKEN CARTS: Carts may break because of normal wear and tear. Report broken carts (wheels, axles, lids, etc.) by calling 321-383-5755. A cart technician will be deployed free of charge to repair or replace the cart. **Cleaning of the cart is the responsibility of the user.**

Yard Debris

YARD DEBRIS such as trees, grass, shrubs, etc. shall be bundled or containerized in such manner to enable one person to lift the debris in a single lifting movement to place in collection vehicle. Yard debris containers should be no greater than 32 gallons in size and weigh no more than 50 lbs. Containers must have two handles and tight fitted lid with no sharp, jagged edges. Oil drums, home-made containers and larger containers than what is specified are not permitted.

The pickup for containerized yard debris, and small brush piles is on your garbage collection day, and is not required to be called in.

For **large yard debris** piles (bigger than a small pickup truck load) please call the Solid Waste Division at 321-383-5755 to be placed on the list for a large yard debris pickup.

Please place yard debris at the curb for pickup. Do not place at side or rear of house or on vacant lots. Your residential bill covers pickup only from the lot your home is built upon. If you do clearing of any other lot, an additional fee for the removal of that debris will be charged.

Yard debris must be cut to no more than 5 foot lengths with each piece weighing less than 50 lbs. It should be stacked with all pieces lined up in the same direction, and separated from garbage. It cannot include any other type of wood, lumber, dirt, rocks, or garbage. **Failure to separate these items from other trash will result in collection delays.**

Amounts exceeding the capacity of the City's yard waste collection vehicles (approximately 20 cubic yards loose) will be the responsibility of the owner for disposal. If the owner wishes the City to dispose of amounts in excess of 20 cubic yards, the fee for disposal will be based on the current burdened labor rate and operating costs.

If a **CONTRACTOR** cuts down your trees, the contractor/homeowner is responsible for removal of the debris or can pay the City an additional fee for removal.

Recycling

Please participate in our recycling program. The more items you recycle, the more room you will have in your refuse cart. Plastic bottles collected from your neighborhood will be made into new plastic products such as carpeting and clothing, garden furniture, new plastic bottles and a variety of other products.

Please make sure your recycle cart lid is closed all the way as wet or damp cardboard and paper items are not recyclable. Boxes must be flattened. Ensure recyclables are empty with **no** food residue. Leave caps/lids on bottles as loose caps are too small to be recycled. **Do not bag** your recyclables or place loose plastic bags in your recycle cart. Plastic bags of any kind are not recyclable and should be returned to your local grocery store.

MATERIALS ACCEPTED: **Aerosol cans** (non-hazardous contents like olive oil, shaving cream, starch); **aluminum & tin** (bottles, cans, foil cooking pans); **cardboard** (boxes, egg cartons; corrugated cardboard, food boxes, packing inserts, paper towel rolls, shipping tubes, toilet paper rolls); **cardboard liquid cartons** (juice, milk, soup, stock); **glass** (bottles; jars); **paper** (greeting cards, magazines, mail, newspapers, packing paper, phone books broken into 1-inch sections, printer paper); **plastic** (bottles, containers, jars, jugs, pump & spray bottles, tubs, and yogurt cups.)

MATERIALS NOT ACCEPTED: **Aerosol cans** (hazardous contents like bug spray & spray paint); air filters, batteries; car parts; cassette & video tapes; Christmas lights; clothing; construction waste; diapers; DVD's & cases; dirty aluminum foil; electronics; fishing line & cast nets; food bags, pouches, & wrappers; garden hoses; **glass** (cookware, drinking glasses, light bulbs, mirrors, windows); greasy pizza boxes; hangers; herbicide & pesticide containers; k-cup pods; metal pots & pans; motor oil & containers; needles & syringes; paint; pallets; **paper** (napkins, plates, shredded paper, tissues, towels); **plastic** (bags, bubble wrap, cups, pill bottles, plant pots, plastic wrap, produce containers, straws, toys); propane tanks; ratchet straps; rope; **Styrofoam** of any kind; tires; tubing; Tupperware; wood; and yard debris.

When in doubt, throw it in the trash.

When non-recyclable items end up in the recycling loads, they have the potential to turn the **entire** load into trash.
